

## KEY URETHANE PIGMENT PACK COLORS

When selecting the **Key Urethane Pigment Pack Colors** for your application, please take time to carefully consider:

1. **APPEARANCE:** Light color blends tend to show more “shadow” than varied ones.
2. **TRAFFIC & MAINTENANCE:** Wheel marks and dirt naturally show up more on pale color blends than on varied ones.
3. **SPILLAGE:** What might be most commonly spilled on the floor? Consult your **KEY REPRESENTATIVE** to determine the degree of chemical resistance you may require prior to selection of the system.

**KEY RESIN COMPANY** provides this color guide for preliminary color selection only. Please refer to a physical sample prior to making a final choice. Please contact your **KEY REPRESENTATIVE** for assistance.
